

Reminder for “Water Voices” Feb. 29 2016

February 10, 2016

educate • inspire • motivate

Want to know more about . . .

- *how our water use affects the Ichetucknee?*
- *the security of our water supply?*
- *the connections between water and our economy?*

Please join us for

“Up & Down With the Floridan Aquifer”

discussion led by

Licensed Professional Geologist Jim Gross

Gross has more than 35 years of experience working in water resources and water supply planning for industry, academia, regional planning agencies and consulting firms.
