

# Get Your “NO NESTLE” bumper sticker

September 13, 2019

The bumper sticker and yard signs many of you asked for are in! Show solidarity and lend your voice to the Santa Fe River by displaying a sign wherever you use stickers or in your front yard.

Come into the Our Santa Fe River headquarters located at 2070

South West County Road 138, Fort White, Florida (in the Rum 138 building) and get yours TODAY.

Materials are free but please consider a donation when picking up to help offset the cost and also be able to order more.

Thanks to [WellingtonWaterWatchers.Org](http://WellingtonWaterWatchers.Org) who gave us permission to use their original image and to Terry Phelan who added "No to Nestle" and the OSFR website address and logo.

[WellingtonWaterWatchers.Org](http://WellingtonWaterWatchers.Org) would like to see some pictures of supports with their stickers and signs to show solidarity!

In the meantime, keep the neighborhood comments coming into the Suwannee River Water Management District's permitting portal.

Give your voice to a river who has no voice.

The water managers are required to use the 3-Prong Test for this permit issuance.

1. Is it reasonable and beneficial?
2. Does it interfere with existing users?
3. Is it consistent with the public interest?

Say something meaningful.
