

Let's Hear It for Alachua County and its EPD!

August 26, 2015

We have said many times that Alachua County leaders have: wisdom, foresight, initiative, well-thought-out goals, intelligence and many other good qualities. Maybe Columbia County (home of OSFR) and our Florida Department of Environmental Protection could spend more money on these kind of sincere ads. This one ran in the *Gainesville Sun* on Tues, August 25, 2015
