We have recently added two strong new members to the board of directors, these being [Sharon Yeago](#) and [Lori Lang](#). Sharon brings much experience as an organizer, director and grant

writer, all valuable skills which we can use. Lori has assumed the duties of treasurer and is an experienced professional accountant.

OSFR is in the process of growth and renovation. We have multiple on-going projects and campaigns which you can follow on this website. In the near future we plan to further strengthen our group with other new additions.
