

Santa Fe River Clean-up. Sunday June 2, 2019

May 23, 2019

Show your love for the Santa Fe by coming to help with the clean-up. Organized by OSFR board member Rhonda Long, recent recipient of the legendary GOLDEN GRIPPER AWARD.

Not just any organization can boast of a clean-up organized by a genuine, official Golden Gripper.

Not only that, but the also legendary and popular Rum 138 is offering attractive discounts on any rentals and will provide two canoes to transport the huge amounts of trash that will be gleaned from the river by our hard-working volunteers.

The trash doesn't stand a chance, believe me.

Comments by OSFR historian Jim Tatum.

-A river is like a life: once taken, it cannot be brought back-
