

SRWMD Governing Board Meeting & Public Hearing

May 13, 2014

May 13, 2014

SRWMD District Headquarters, Live Oak, FL

OSFR was represented at the water management board meeting today by President Merrillee Malwitz-Jipson and board member Jim Tatum.

Thirty seven announcements and items of business were addressed during this meeting. Several board members expressed surprise and no little disappointment upon learning that President Malwitz-Jipson did not request a time slot to speak before the board, thus departing from her normal ways. Humor aside, this is a happy manifestation of the good rapport between the governing board and OSFR.

The next board meeting will take place on June 10, 2014 at the Cedar Key library.
